TouchMix® mini

MAXMEYER® brand introduces its new computerised paint system. Smart, compact, easy-to-use and connected TouchMix® mini is the ideal new colour tool built to make the painter's job easier.

The TouchMix mini's 10" scratch-resistant screen can be used either mounted on the wall or on its streamlined stand. It combines a series of enhanced features built to improve the colour mixing performance and ease the process for the painter.

Key features series developed for the Painter's benefit:

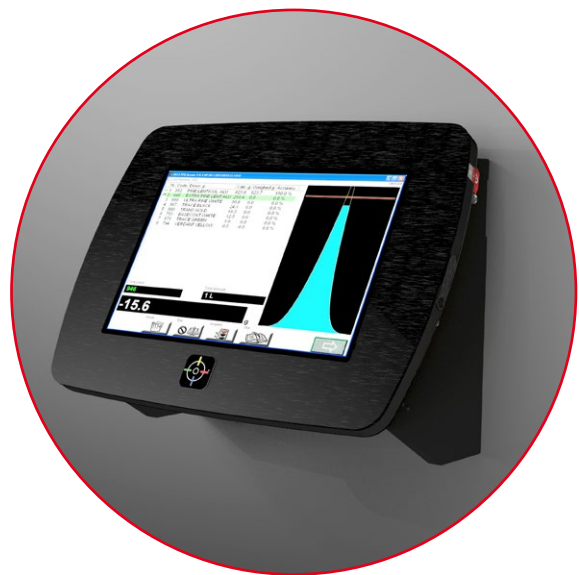

- Ease of use: compact, flexible device, powered by reliable computer technology
- Safe: European ATEX standard guaranteed
- Smart: enhance your performance connecting to other devices

As a smart solution, the TouchMix mini device has been pre-installed with the MaxMeyer brand PAINTMANAGER® software. Just add a scale and you have the perfect mixing solution.

Connectable with WI-FI the TouchMix mini seamlessly updates the colour formulations on PaintManager software and the latest RAPIDMATCH™ spectrophotometers matches.

MaxMeyer brand offers the complete replacement during the warranty period as part of its advanced exchange programme.

So don't hesitate and discover TouchMix mini, the guarantee for fast and reliable quality results in your mixing performance, time and time again.
